St. Anne's Catholic School and Sixth Form College

St Anne's is in the Top 1%!

Staff at St Anne's received the excellent news that the school is in the top 1% of schools nationally today with the release of the Government's analysis of the 2015 results in RAISEonline.

Lyn Bourne, Headteacher at St Anne's said 'We were extremely pleased with our results in the summer and hoped for good news when our girls' achievements were compared with other girls across the country. The news this morning is wonderful and a great tribute to the staff, students, parents and Governors of the St Anne's school community. Our staff are exceptional, encouraging our girls to achieve even more than they thought possible and preparing them for a successful life ahead. I am very proud of the way our girls make the most of every opportunity and have a love for learning. Their positive attitude, commitment, diligence and enthusiasm mean they achieve such astounding results. Congratulations to everyone involved in this truly exceptional achievement.'

The detail of the RAISEonline report tells even more success stories about the progress pupils make at St Anne's. The English results have reached the top 3%, Humanities the top 2% and Languages the top 6%. Maths results have moved up to the top 11% of schools and Science results are in the top 12%.

'Clearly the progress that girls make in their time at St Anne's is exceptional. We are not sure yet exactly where we are in the top 30 schools in the country, but rest assured, we won't rest on our laurels! We will be continuing to look for ways to give our girls the very best education we are able to provide, giving them an excellent foundation on which to build successful futures.'
