TO MAKE YOUR  
IDEA A REALITY

# Make your idea a reality

Join The Agency and turn your passion into a project. We're looking for 15-25 year-olds from Golden Grove and Northam areas of Southampton with ideas that need to happen.

We'll give you the professional training, support and advice you need to make your project benefit your local community. This could be anything from boxing workshops to a music festival.

You'll pitch your idea to an expert panel to win £2,000 of funding to make your idea happen.

The Agency runs nationwide and takes place in London, Manchester, Cardiff, Belfast and Southampton.

Through The Agency I realised I have talents I didn't know I had before. I used to hate public speaking. Now I do it for fun.

I did The Agency six years ago and since then I took it from The Agency to the next step - how to grow a business from a social project.
